Hey patriot, we're heading from Seattle, about 45 hours of driving now, only a 5 hour stop in Louisville, KY.

Woke up early myself, to take the pulse of the Internet concerning the 6th and could not find one anywhere but here, by and large.

They've shot the story in the head, rolled it into a carpet and dropped it into the East River of New York City. The Mainstream Media... killing stories for decades and decades.

Reporting it on my local cuck media, always throwing in "possibly violent" protest on the 6th to discourage people from going.

Sticking to their anti-American narrative. Commies one and all, in the MSM pig pen.

Y'all need to stop telegraphing your locations/movements.

Aside from people bringing the kids and elderly with them, total disregard for OPSEC is the biggest b we have to getting anything done this week.

Sorry you're not here. Hang your MAGA banner over your door and stand by.

Trump is pissed. All of the truth is coming. Election Fraud, Cabal, UFOS, JFK, Seth Rich. All of the truth is coming.

Wherever you are people will be losing their shit as he red pills the masses. They're gonna come to your MAGA banner begging to convert. Begging for forgiveness.
